
CURRICULUM VITAE

Name: Thunyarat Anothaisintawee
Title Associate professor, Dr.
Born [date, location] 17 May 1976, Bangkok, Thailand
Nationality Thai
Contact information Thunyarata@gmail.com
Mobile 66 81 372 5424

Educatuion

Degrees and University	2013	Doctor of Philosophy Program in Clinical Epidemiology (International Program) Faculty of Medicine, Ramathibodi Hospital and Faculty of Graduate Studies, Mahidol University, Bangkok, Thailand
Degrees and University	2004	Diploma, Thai Board of Family Medicine Thai Medical Council, Bangkok, Thailand
Degrees and University	2005	Doctor of Medicine (First Class Honors) Faculty of Medicine, Chulalongkorn University

Qualification(s) Medical doctor

Membership in societies Medical Council of Thailand

Employment

Current employment	15/07/2023	Faculty physician (Associate Professor) Department of Clinical Epidemiology and Biostatistics, Faculty of Medicine, Ramathibodi Hospital, Mahidol University, Bangkok, Thailand
Earlier employment	24/04/2022- 14/07/2023	Medical Research Scientist Bacterial and Parasitic Diseases Department USAMD-AFRIMS
	10/2004- 04/2022	Faculty physician (Associate Professor) and Head of research and epidemiology unit Department of Family Medicine, Faculty of Medicine, Ramathibodi Hospital, Mahidol University, Bangkok, Thailand
	05/2000- 04/2001	Medical Staff, Lumpoon Hospital, Lumpoon Province
Other	10/2009- 04/2022	Researcher (part time staff) Health Intervention & Technology Assessment Program (HITAP), Ministry of Public Health, Thailand

Technical skills MS Word, MS Excel, MS PowerPoint, MS Visio, STATA, Epidata

Areas of expertise Clinical epidemiology, biostatistics, systematic review, meta-analysis, and network meta-analysis, economic evaluation, cost-effectiveness analysis, cost-utility analysis, family medicine

Publications (First author) 1. **Anothaisintawee T**, Rattanasiri S, Ingsathit A, Attia J, Thakkinian A. Prevalence of chronic kidney disease: a systematic review and meta-analysis. *Clinical nephrology*. 2009;71(3):244-54.

-

Research experiences

Key experiences within the following research areas:

Study design:	Cross-sectional study
Research title:	Association between sleep factors, serum uric acid level, and HbA1c level in pre-diabetic people
# of Countries:	1
# of Sites:	1
# of Patients:	3100
Funding support	Health Systems Research Institute, Thailand (grant no. 60-042)

Role: **Principal investigator**
Key Responsibilities: Develop research protocol, data collection, cleaning and checking the data, data management and analysis, writing and submitting manuscript

Study design: Prospective cohort study
Research title: Progression rate to diabetes mellitus and chronic kidney disease in pre-diabetic people
of Countries: 1
of Sites: 1
of Patients: 3100
Funding support Faculty of Medicine, Ramathibodi Hospital, Mahidol University, Bangkok, Thailand
Role: **Principal investigator**
Key Responsibilities: Develop research protocol, data collection, cleaning and checking the data, data management and analysis, writing and submitting manuscript

Study design: Cross-sectional study
Research title: Development and validation of breast cancer risk prediction model in Thai women
of Countries: 1
of Sites: 3
of Patients: 18000
Funding support Health Intervention and Technology Assessment Program, Ministry of Public Health, Thailand
Role: **Principal investigator**
Key Responsibilities: Develop research protocol, data collection, cleaning and checking the data, data management and analysis, writing and submitting manuscript

Study design: Systematic review and meta-analysis
Research title: Efficacy of lifestyle interventions and effect of unhealthy lifestyle behavior in prevention and risk of developing non-communicable diseases
of Countries: 1
of Sites: NA
of Patients: NA
Funding support Prince Mahidol Award Foundation, Thai Health Promotion Foundation, and International Decision Support Initiative
Role: **Principal investigator**
Key Responsibilities: Develop research protocol, literature searching, study selection, cleaning and checking the data, data management and analysis, risk of bias assessment, writing

Study design: Randomized controlled trial
Research title: Efficacy of buccal midazolam compared with sublingual lorazepam for reducing dyspnea as adjunct to morphine in palliative cancer patients: A randomized controlled trial
of Countries: 1
of Sites: 1
of Patients: 40
Funding support Faculty of Medicine, Ramathibodi Hospital, Mahidol University, Bangkok, Thailand
Role: Supervisor
Key Responsibilities: Develop research protocol, cleaning and checking the data, data management and analysis, revising manuscript

Study design: Randomized controlled trial
Research title: Efficacy of time restricted feeding and economic behavioral intervention in reducing fasting plasma glucose, HbA1c, and cardiometabolic risk factors compared to time restricted feeding alone or usual care in patients with prediabetes: A randomized controlled trial
of Countries: 1
of Sites: 1
of Patients: 90
Funding support National Research Council of Thailand
Role: Principal investigator
Key Responsibilities: Develop research protocol, data collection, cleaning and checking the data, data management and analysis

Reviewer of international peer review journal BMJ, BMJ Open, BMC Endocrine Disorder, BMC Psychiatry, British Journal of Cancer, Biomedical Research International, Diabetologia, BMC Cardiovascular disease
