|   |            |
|---|------------|
| Preface.....  | xi         |
| Acknowledgments.....  | xiii       |
| List of Abbreviations.....  | xv         |
| Introduction.....   | xxiii      |
| <b>CHAPTER 1 Chemical Senses .....</b>                            | <b>1</b>   |
| Smell .....   | 1          |
| Taste .....   | 4          |
| Intestinal Sensing .....  | 16         |
| Physical Sensing and Chemesthesis.....                            | 20         |
| <b>CHAPTER 2 Intake Regulation .....</b>                          | <b>25</b>  |
| Appetite.....   | 25         |
| Thirst .....  | 32         |
| <b>CHAPTER 3 Absorption, Transport, and Retention .....</b>       | <b>37</b>  |
| Digestion and Absorption.....                                     | 37         |
| Microbiome.....   | 61         |
| Renal Processing .....  | 69         |
| The Blood–Brain Barrier.....                                      | 81         |
| Materno-Fetal Nutrient Transport .....                            | 87         |
| <b>CHAPTER 4 Xenobiotics .....</b>                                | <b>95</b>  |
| Caffeine .....  | 95         |
| Heterocyclic Amines .....   | 100        |
| Nitrite/Nitrate .....   | 107        |
| <b>CHAPTER 5 Fatty Acids .....</b>                                | <b>111</b> |
| Structure and Function of Fatty Acids .....                       | 111        |
| Overfeeding.....  | 143        |
| Acetate.....  | 147        |
| Myristic Acid.....  | 153        |
| Conjugated Linoleic Acid .....                                    | 157        |
| Docosahexaenoic Acid .....  | 164        |
| Trans-Fatty Acids .....   | 174        |
| Chlorophyll/Phytol/Phytanic Acid .....                            | 179        |
| <b>CHAPTER 6 Carbohydrates, Alcohols, and Organic Acids .....</b> | <b>187</b> |
| Carbohydrates .....   | 187        |
| Glucose.....  | 191        |

|  |            |
|--|------------|
| Fructose.....  | 207        |
| Galactose.....   | 213        |
| Xylitol.....   | 219        |
| Pyruvate.....  | 223        |
| Oxalic Acid.....   | 228        |
| Ethanol.....   | 231        |
| Methanol.....  | 238        |
| <b>CHAPTER 7 Nonnutrients and Bioactives.....</b>        | <b>243</b> |
| Indigestible Carbohydrates.....                          | 243        |
| Flavonoids and Isoflavones.....                          | 247        |
| Garlic Bioactives.....                                   | 260        |
| <b>CHAPTER 8 Amino Acids and Nitrogen Compounds.....</b> | <b>265</b> |
| Structure and Function of Amino Acids.....               | 266        |
| Starvation.....  | 291        |
| Glutamate.....   | 294        |
| Glutamine.....   | 302        |
| Glycine.....   | 309        |
| Threonine.....   | 316        |
| Serine.....  | 321        |
| Alanine.....   | 329        |
| Phenylalanine.....                                       | 336        |
| Tyrosine.....  | 342        |
| Tryptophan.....  | 349        |
| Methionine.....  | 359        |
| Cysteine.....  | 368        |
| Lysine.....  | 376        |
| Leucine.....   | 382        |
| Valine.....  | 389        |
| Isoleucine.....  | 396        |
| Aspartate.....   | 401        |
| Asparagine.....  | 408        |
| Arginine.....  | 413        |
| Proline.....   | 423        |
| Histidine.....   | 431        |
| Citrulline.....  | 440        |
| Taurine.....   | 443        |
| Creatine.....  | 450        |
| Carnitine.....   | 454        |
| Melatonin.....   | 461        |
| Choline.....   | 468        |

|                   |  |            |
|-------------------|--|------------|
| <b>CHAPTER 9</b>  | <b>Fat-Soluble Vitamins and Nonnutrients .....</b>   | <b>479</b> |
|                   | Free Radicals and Antioxidants .....                 | 479        |
|                   | Vitamin A .....                                      | 486        |
|                   | Vitamin D .....                                      | 501        |
|                   | Vitamin E .....                                      | 514        |
|                   | Vitamin K .....                                      | 526        |
|                   | Cholesterol .....                                    | 539        |
|                   | Lipoic Acid .....                                    | 553        |
|                   | Ubiquinone .....                                     | 560        |
| <b>CHAPTER 10</b> | <b>Water-Soluble Vitamins and Nonnutrients .....</b> | <b>567</b> |
|                   | Methylation .....                                    | 567        |
|                   | Vitamin C .....                                      | 570        |
|                   | Thiamin .....  | 580        |
|                   | Riboflavin .....                                     | 589        |
|                   | Niacin .....   | 599        |
|                   | Vitamin B6 .....                                     | 610        |
|                   | Folate .....   | 620        |
|                   | Vitamin B12 .....                                    | 632        |
|                   | Biotin .....   | 642        |
|                   | Pantothenate .....                                   | 647        |
|                   | Queuine .....  | 654        |
|                   | Biopterin .....                                      | 657        |
|                   | Inositol .....                                       | 663        |
| <b>CHAPTER 11</b> | <b>Minerals and Trace Elements .....</b>             | <b>673</b> |
|                   | Water .....  | 673        |
|                   | Sodium .....   | 679        |
|                   | Potassium .....                                      | 685        |
|                   | Chlorine .....                                       | 690        |
|                   | Iron .....   | 697        |
|                   | Copper .....   | 709        |
|                   | Zinc .....   | 716        |
|                   | Manganese .....                                      | 725        |
|                   | Calcium .....  | 730        |
|                   | Phosphorus .....                                     | 737        |
|                   | Magnesium .....                                      | 744        |
|                   | Iodine .....   | 748        |
|                   | Fluorine .....                                       | 755        |
|                   | Sulfur .....   | 758        |
|                   | Selenium .....                                       | 766        |
|                   | Molybdenum .....                                     | 773        |

|                   |  |            |
|-------------------|--|------------|
|                   | Cobalt.....                                | 778        |
|                   | Chromium.....                              | 782        |
|                   | Boron.....                                 | 785        |
|                   | Silicon.....                               | 789        |
|                   | Bromine.....                               | 793        |
|                   | Arsenic.....                               | 797        |
|                   | Vanadium.....                              | 802        |
|                   | Nickel.....                                | 805        |
| <b>CHAPTER 12</b> | <b>Applications.....</b>                   | <b>809</b> |
|                   | Genetic Variation.....                     | 809        |
|                   | Nutrient Adequacy and Supplementation..... | 816        |
|                   | Nutrient Interactions.....                 | 819        |
|                   | GRAS Database.....                         | 822        |
|                   | Using Molecular Databases.....             | 822        |
|                   | Index.....                                 | 825        |
