Preface iii

1

Administrative Procedures 1

1-1 Incoming Telephone Calls 1

Patient Appointments

1-2 New Patient Appointments 2

1-3 Established Patient Appointments 2

1-4 Referrals to an Outpatient Facility 3

1-5 Admission to an Inpatient Facility 3

Medical Records

1-6 Creating a Medical File 4

1-7 Filing Medical Records 5

Documentation

1-8 Diagnostic Coding 8

1-9 Procedural Coding 9

1-10 Releasing Medical Records 9

1-11 Electronic Applications and Safety 10

Health Insurance Benefits

1-12 Insurance Verification 10

Accounting Responsibilities

1-13 Bank Deposits 12

- 1-14** Reconcile a Bank Statement **12**
- 1-15** Maintain a Petty Cash Account **13**
- 1-16** Check Writing **13**
- 1-17** Collecting a Delinquent Account Balance **14**

Written Communication

- 1-18** Composing a Business Letter **17**

Incident Reports

2

Clinical Procedures **20**

Asepsis and Infection Control

- 2-1** Medical Aseptic Handwashing **20**
- 2-2** Removing Contaminated Gloves **23**
- 2-3** Cleaning Biohazardous Spills **26**
- 2-4** Sanitizing Equipment for Disinfection or Sterilization **27**
- 2-5** Wrapping Instruments for Sterilization in an Autoclave **28**
- 2-6** Operating an Autoclave **31**

Patient Care

- 2-7** Obtaining a Medical History **32**
- 2-8** Measuring Weight **33**
- 2-9** Measuring Height **34**
- 2-10** Assisting with the Adult Physical Exam **35**

Temperature

- 2-11** Using an Electronic Thermometer **39**
- 2-12** Using a Tympanic Thermometer **40**
- 2-13** Using a Temporal Artery Thermometer **41**

Pulse

- 2-14** Measuring Radial Pulse **41**
- 2-15** Assessing the Pulse Using a Doppler Unit **43**

Respirations

- 2-16** Measuring Respirations **45**

Blood Pressure

- 2-17** Measuring Blood Pressure **46**

3

Laboratory and Diagnostic Tests **51**

Phlebotomy

- 3-1** Venipuncture **51**
- 3-2** Capillary Puncture **56**

Hematology

- 3-3** Hemoglobin Determination **59**
- 3-4** Microhematocrit Determination **60**

Urinalysis

- 3-5** Clean Catch Midstream Urine Specimen **61**
- 3-6** Determine Urine Color and Clarity **62**
- 3-7** Chemical Reagent Strip Analysis **65**

Specimen Collection and Microbiology

- 3-8** Collecting a Throat Specimen **66**
- 3-9** Collecting a Nasopharyngeal Specimen **68**
- 3-10** Collecting a Wound Specimen **69**
- 3-11** Collecting a Sputum Specimen **70**
- 3-12** Collecting a Stool Specimen for Ova and Parasites **71**
- 3-13** Testing Stool Specimen for Occult Blood **74**
- 3-14** Collecting Blood for Culture **75**
- 3-15** Inoculating a Culture **79**

Immunology

- 3-16** Mono Testing **80**
- 3-17** HCG Pregnancy Test **81**
- 3-18** Rapid Group A Strep Testing **82**

Chemistry Testing

- 3-19** Blood Glucose Testing **85**
- 3-20** Blood Cholesterol Testing **86**

4

Medication Administration **94**

- 4-1** Preparing Injections **117**
- 4-2** Intradermal Injection **118**
- 4-3** Subcutaneous Injection **120**
- 4-4** Intramuscular Injection **122**
- 4-5** Intramuscular Injection Using the Z-Track Method **127**

- 4-6** Applying Transdermal Medications **129**
- 4-7** Obtaining and Preparing an Intravenous Site **130**
- 4-8** Instilling Eye Medications **132**
- 4-9** Instilling Ear Medications **133**
- 4-10** Instilling Nasal Medications **134**
- 4-11** Nebulized Breathing Treatment **134**

5

Surgical Procedures 136

- 5-1** Opening Sterile Surgical Packs **136**
- 5-2** Using Sterile Transfer Forceps **137**
- 5-3** Adding Sterile Solution to a Sterile Field **138**
- 5-4** Hair Removal and Skin Preparation **138**
- 5-5** Applying Sterile Gloves **139**
- 5-6** Apply a Sterile Dressing **145**
- 5-7** Changing an Existing Sterile Dressing **146**
- 5-8** Assisting with Excisional Surgery **150**
- 5-9** Assisting with Incision and Drainage **151**
- 5-10** Removing Sutures **151**
- 5-11** Removing Staples **154**
- 5-12** Assisting with Lumbar Puncture **154**
- 5-13** Assisting with Colposcopy and Cervical Biopsy **158**

Special Procedures 160**Warm and Cold Applications****6-1 Applying a Warm or Cold Compress 160****6-2 Assisting with Therapeutic Soaks 161****6-3 Applying Cold Packs 162****6-4 Using a Hot Water Bottle or
Commercial Hot Pack 163****Orthopedic Procedures****6-5 Applying an Arm Sling 165****6-6 Measuring a Patient for Axillary
Crutches 166****6-7 Instructing a Patient in Crutch Gaits 166****Eye and Ear Procedures****6-8 Distance Visual Acuity 169****6-9 Color Perception 170****6-10 Eye Irrigation 171****6-11 Ear Irrigation 172****6-12 Audiometry Testing 174****Pulmonary Procedures****6-13 Instruct a Patient on Using a Peak
Flowmeter 175****6-14 Perform a Pulmonary Function Test 176****Cardiac Procedures****6-15 Perform a 12-lead ECG 179****6-16 Apply a Holter Monitor 184**

Pediatric Procedures

- 6-17** Infant Length and Weight **186**
- 6-18** Infant Head and Chest Circumference **187**
- 6-19** Apply a Pediatric Urine Collection Device **188**

Other Specialty Procedures

- 6-20** Apply a Tubular Gauze Bandage **190**
- 6-21** Assist with Colon Procedures **191**
- 6-22** Male Urinary Catheterization **193**
- 6-23** Female Urinary Catheterization **195**
- 6-24** Assist with the Pelvic Examination and Pap Smear **198**

7

Emergency Procedures **201**

- 7-1** Administer Oxygen **201**
- 7-2** Perform CPR (Adult) **202**
- 7-3** Use an Automatic External Defibrillator (AED) (Adult) **204**
- 7-4** Manage a Foreign Body Airway Obstruction (Adult) **205**
- 7-5** Control Bleeding **206**
- 7-6** Manage a Patient with a Diabetic Emergency **207**
- 7-7** Caring for a Patient During a Seizure **212**

Tools **213**

HIPAA **213**

Disinfection Methods, Uses, and
Precautions **216**

Abbreviations Commonly Used in
Documentation **218**

Celsius-Fahrenheit Temperature
Conversion Scale **231**

Metric Measurements **233**

Key English to Spanish Health Care
Phrases **234**

Commonly Misused Words **239**

Word Parts and Their Meanings **241**

Pain Intensity Scales **257**

Index **259**
