Part I Background

1	Introduction to Genetics	3
	Cynthia Freehauf	
2	Expanded Newborn Screening for Inherited Metabolic Diseases	15
	Erica L. Wright	
3	Nutrition Education	25
	Laurie E. Bernstein and Joanna R. Helm	
4	Pathophysiology of Inherited Metabolic Disease	35
	Peter R. Baker II	
5	Metabolic Intoxication Syndrome in a Newborn	47
	Maria Giżewska	
6	Anabolism: Practical Strategies	59
	Johan L.K. Van Hove	
7	Protein Requirements in Inherited Metabolic Diseases	63
	Steven Yannicelli	
8	Laboratory Evaluations in Inherited Metabolic Diseases	75
	Curtis R. Coughlin II	

Part II Aminoacidopathies

9	Phenylketonuria: Phenylalanine Neurotoxicity	89
	Maria Giżewska	
10	Phenylketonuria: The Diet Basics	101
	Sandy van Calcar	
11	Understanding Large Neutral Amino Acids and the Blood-Brain Barrier	117
	Steven Yannicelli	
12	Tetrahydrobiopterin Therapy for Phenylketonuria	127
	Elaina Jurecki	

13	Maternal Phenylketonuria	139
	Fran Rohr	
14	Homocystinuria: Diagnosis and Management	149
	Janet A. Thomas	
15	Nutrition Management of Urea Cycle Disorders	159
	Fran Rohr	
16	Nutrition Management of Maple Syrup Urine Disease	173
	Sandy van Calcar	

Part III Organic Acidemias

17	Organic Acidemias	187
	Janet A. Thomas	
18	Glutaric Acidemia Type I: Diagnosis and Management	203
	Curtis R. Coughlin II	
19	Nutrition Management of Glutaric Acidemia Type 1.	211
	Laurie E. Bernstein	
20	Nutrition Management of Propionic Acidemia and Methylmalonic Acidemia	221
	Sandy van Calcar	
21	Nutrition Management During Pregnancy: Maple Syrup Urine Disease, Propionic Acidemia, Methylmalonic Acidemia, and Urea Cycle Disorders.	229
	Sandy van Calcar	

Part IV Fatty Acid Oxidation Disorders

22	Fatty Acid Oxidation Defects	241
	Johan L.K. Van Hove	
23	Nutrition Studies in Long-Chain Fatty Acid Oxidation Disorders: Diet Composition and Monitoring.	255
	Melanie Boyd Gillingham	
24	Nutrition Management of Fatty Acid Oxidation Disorders.	271
	Fran Rohr	

Part V Disorders of Carbohydrate Metabolism

25	The Diet for Galactosemia.	285
	Laurie E. Bernstein and Sandy van Calcar	

26 Glycogen Storage Diseases	295
Johan L.K. Van Hove	
27 Nutrition Management of Glycogen Storage Disease Type 1	307
Sandy van Calcar	
Appendix	319
Index	371

Peter R. Baker, *Glycogen Storage Disease and the Liver*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6400-2, 200 pp., \$24.95, £16.95

Laura E. Bergfeld, *Diabetes Mellitus: Clinical Diagnosis and Treatment*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6401-0, 200 pp., \$24.95, £16.95

James R. Coughlin, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6402-9, 200 pp., \$24.95, £16.95

Carroll J. Estlund, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6403-7, 200 pp., \$24.95, £16.95

Melanie B. Gilligan, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6404-5, 200 pp., \$24.95, £16.95

Robert G. Green, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6405-3, 200 pp., \$24.95, £16.95

Barbara R. Heitz, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6406-1, 200 pp., \$24.95, £16.95

James J. Jezek, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6407-X, 200 pp., \$24.95, £16.95

Eric Korn, M.D., *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6408-8, 200 pp., \$24.95, £16.95

James A. Thomas, *Primer of Pediatric Endocrinology and Diabetes*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6409-6, 200 pp., \$24.95, £16.95

Sandy van Calcar, *Nutrition Management of Glycogen Storage Disease Type 1*, 2000
Johns Hopkins University Press, Baltimore, MD, USA
ISBN 0-8018-6410-X, 200 pp., \$24.95, £16.95
