

# Contents

Series editor foreword . . . . .	v
Preface . . . . .	vii
Acknowledgements . . . . .	ix
<b>1. History and examination . . . . .</b>	<b>1</b>
Paediatric history taking . . . . .	1
Neonatal history . . . . .	2
Examination . . . . .	2
The neonatal examination . . . . .	5
Medical sample clerking . . . . .	6
<b>2. Developmental assessment . . . . .</b>	<b>9</b>
History . . . . .	9
Examination . . . . .	9
Signs of abnormal development: ‘limit ages’ . . . . .	12
<b>3. Investigations . . . . .</b>	<b>13</b>
Blood tests . . . . .	13
Urine tests . . . . .	21
Cerebrospinal fluid . . . . .	21
Imaging . . . . .	22
<b>4. Fever or rash . . . . .</b>	<b>27</b>
The feverish child . . . . .	27
The child with a rash . . . . .	29
The child with fever and petechial rash . . . . .	31
<b>5. Heart, lung or ENT problems . . . . .</b>	<b>33</b>
Heart . . . . .	33
Lung . . . . .	35
Ear, nose and throat . . . . .	38
<b>6. Gut or liver problems . . . . .</b>	<b>41</b>
Gut . . . . .	41
Liver . . . . .	46
<b>7. Haematuria or proteinuria . . . . .</b>	<b>49</b>
Haematuria . . . . .	49
Proteinuria . . . . .	50
<b>8. Neurological problems . . . . .</b>	<b>51</b>
Fits, faints and funny turns . . . . .	51
Headache . . . . .	53
The unconscious child . . . . .	54
<b>9. Musculoskeletal problems . . . . .</b>	<b>57</b>
Limp . . . . .	57
The painful limb . . . . .	57
The painful joint . . . . .	58
Normal postural variants . . . . .	58
<b>10. Pallor, bleeding, splenomegaly or lymphadenopathy . . . . .</b>	<b>61</b>
Pallor . . . . .	61
Bleeding disorders . . . . .	62
Splenomegaly . . . . .	64
Lymphadenopathy . . . . .	66
<b>11. Short stature or developmental delay . . . . .</b>	<b>69</b>
Growth . . . . .	69
Developmental delay . . . . .	71
<b>12. Neonatal problems . . . . .</b>	<b>73</b>
Feeding difficulties . . . . .	73
Vomiting . . . . .	73
Jaundice . . . . .	74
Breathing difficulties . . . . .	76
Neonatal seizures . . . . .	77
Congenital malformations . . . . .	78
Complex genital anomaly . . . . .	80
<b>13. Infectious diseases and immunodeficiency . . . . .</b>	<b>81</b>
Viral infections . . . . .	81
Bacterial infections . . . . .	87
Parasitic infections . . . . .	91
Kawasaki disease . . . . .	93
Immunodeficiency . . . . .	93
<b>14. Allergy and anaphylaxis . . . . .</b>	<b>97</b>
Epidemiology . . . . .	97
Cross-reaction to allergens . . . . .	98
Clinical aspects of allergy . . . . .	98
Management of allergy . . . . .	99
Anaphylaxis . . . . .	99

<b>15. Skin disorders . . . . .</b>	<b>103</b>	Infections of the central nervous system . . . . .	146
Eczema (dermatitis) . . . . .	103	Cerebral palsy . . . . .	148
Infections . . . . .	105	Epilepsy . . . . .	149
Viral . . . . .	105	Febrile convulsions . . . . .	152
Infestations . . . . .	106	Headache . . . . .	152
Other childhood skin diseases. . . . .	107	Neurocutaneous syndromes. . . . .	152
<b>16. Cardiovascular disorders . . . . .</b>	<b>109</b>	Neurodegenerative disorders of childhood . . . . .	153
Congenital heart disease . . . . .	109	Neuromuscular disorders . . . . .	153
Rheumatic fever . . . . .	114		
Cardiac infections . . . . .	115		
Cardiac arrhythmias . . . . .	116		
<b>17. Disorders of the respiratory system . . . . .</b>	<b>117</b>		
Upper respiratory tract infections . . . . .	117		
Lower respiratory tract infections . . . . .	119		
Asthma . . . . .	122		
Cystic fibrosis . . . . .	127		
<b>18. Disorders of the gastrointestinal system . . . . .</b>	<b>129</b>		
Infantile colic . . . . .	129		
Gastro-oesophageal reflux . . . . .	129		
Gastroenteritis . . . . .	130		
Pyloric stenosis. . . . .	131		
Intussusception . . . . .	132		
Meckel's diverticulum . . . . .	132		
Acute appendicitis . . . . .	132		
Mesenteric adenitis. . . . .	133		
Coeliac disease. . . . .	133		
Food intolerance . . . . .	134		
Inflammatory bowel disease . . . . .	134		
Hirschsprung's disease (congenital aganglionic megacolon) . . . . .	134		
Bile duct obstruction . . . . .	135		
Constipation. . . . .	135		
<b>19. Renal and genitourinary disorders . . . . .</b>	<b>137</b>		
Urinary tract anomalies. . . . .	137		
Genitalia . . . . .	139		
Urinary tract infection . . . . .	141		
Acute nephritis. . . . .	143		
Nephrotic syndrome . . . . .	143		
Haemolytic uraemic syndrome . . . . .	144		
<b>20. Neurological disorders . . . . .</b>	<b>145</b>		
Malformations of the central nervous system . . . . .	145		
		Infections of the central nervous system . . . . .	146
		Cerebral palsy . . . . .	148
		Epilepsy . . . . .	149
		Febrile convulsions . . . . .	152
		Headache . . . . .	152
		Neurocutaneous syndromes. . . . .	152
		Neurodegenerative disorders of childhood . . . . .	153
		Neuromuscular disorders . . . . .	153
<b>21. Musculoskeletal disorders . . . . .</b>	<b>157</b>		
		Disorders of the hip and knee. . . . .	157
		Disorders of the spine . . . . .	159
		Bone and joint infections . . . . .	160
		Rheumatic disorders . . . . .	161
		Genetic skeletal dysplasias . . . . .	162
<b>22. Haematological disorders . . . . .</b>	<b>163</b>		
		Haematopoiesis . . . . .	163
		Anaemia . . . . .	163
		Haemolytic anaemia . . . . .	166
		Bleeding disorders . . . . .	168
		Coagulation disorders . . . . .	169
		Thrombotic disorders in childhood. . . . .	170
<b>23. Malignant disease . . . . .</b>	<b>173</b>		
		Childhood cancer . . . . .	173
		The leukaemias . . . . .	175
		Lymphomas . . . . .	176
		Brain tumours . . . . .	177
		Neuroblastoma . . . . .	178
		Wilms' tumour (nephroblastoma) . . . . .	178
		Soft tissue sarcomas . . . . .	179
		Bone tumours . . . . .	179
		Langerhans cell histiocytosis . . . . .	180
<b>24. Endocrine and metabolic disorders . . . . .</b>	<b>181</b>		
		Disorders of carbohydrate metabolism. . . . .	181
		Thyroid disorders. . . . .	185
		Adrenal disorders . . . . .	186
		Disorders of the pituitary gland . . . . .	187
		Disorders of the gonads . . . . .	188
		Inborn errors of metabolism . . . . .	189
<b>25. Disorders of emotion and behaviour . . . . .</b>	<b>193</b>		
		Problems of early childhood . . . . .	193
		Problems of middle childhood. . . . .	195
		Problems of adolescence . . . . .	198

<b>26. Social and preventive paediatrics . . . . .</b>	<b>201</b>
Prevention in child health . . . . .	201
Child abuse . . . . .	204
Sudden infant death syndrome . . . . .	205
Children and the law . . . . .	205
The child with a disability . . . . .	206
<b>27. Genetic disorders . . . . .</b>	<b>209</b>
Basic genetics . . . . .	209
Single gene disorders . . . . .	209
Autosomal dominant disorders . . . . .	209
Autosomal recessive disorders . . . . .	210
X-linked disorders . . . . .	211
Multifactorial disorders . . . . .	212
Chromosomal disorders . . . . .	213
Mitochondrial inheritance . . . . .	215
Polymerase chain reaction . . . . .	216
Genetic counselling . . . . .	216
<b>28. The newborn . . . . .</b>	<b>217</b>
Maternal and fetal health . . . . .	217
Fetal assessment and antenatal diagnosis .	217
Maternal conditions affecting the fetus .	217
Normal neonatal anatomy and physiology .	220
Birth . . . . .	222
Birth injury . . . . .	224
Diseases of the newborn . . . . .	224
Disorders of the preterm infant . . . . .	226
Disorders of the term infant . . . . .	229
<b>29. Accidents and emergencies . . . . .</b>	<b>233</b>
Accidents . . . . .	233
Emergencies . . . . .	238
<b>30. Nutrition, fluids and prescribing . . . . .</b>	<b>249</b>
Nutrition . . . . .	249
Fluids and electrolytes . . . . .	254
Paediatric pharmacology and prescribing .	255
<b>Self-assessment . . . . .</b>	<b>257</b>
<b>Best of fives questions (BOFs) . . . . .</b>	<b>259</b>
<b>Extended-matching questions (EMQs) . . . . .</b>	<b>277</b>
<b>BOF answers . . . . .</b>	<b>283</b>
<b>EMQ answers . . . . .</b>	<b>295</b>
<b>Glossary . . . . .</b>	<b>301</b>
<b>Index . . . . .</b>	<b>303</b>
