SECTION 1 PHYSIOLOGY OF TRANSFER MEDICINE, 3	SECTION 2 CLINICAL CONSIDERATIONS, 19	SECTION 3 TRANSFER EQUIPMENT, 43
1 Introduction, 1	5 Resuscitation and Stabilisation, 21	10 Electrical Supply and Batteries, 45
<i>A. Low and J. Hulme</i>	<i>C. Reid and K. Habig</i>	<i>G. Roberts and J. Hulme</i>
2 Acceleration, Deceleration and Vibration, 5	6 Patient Packaging and Nursing Care, 28	11 Transport Ventilators and Medical Gas Supply, 47
<i>M. Sheils and C. Hore</i>	<i>C. Small and F. Clarke</i>	<i>J. Bingham</i>
3 Environmental Exposure and Noise, 9	7 Mode of Transport, 31	
<i>P. Paal and M. Helm</i>	<i>A. Cadamy and T. Martin</i>	
4 Altitude Physiology, 13	8 International Repatriations, 36	
<i>Y. Wimalasena and C. Duncan</i>	<i>B. Vadera</i>	
5 Critical Incidents, 39	9 Critical Incidents, 39	
<i>J.M. Droogh and J.G. Zijlstra</i>	<i>J.M. Droogh and J.G. Zijlstra</i>

- 12** Monitoring, 51
A. Corfield and S. Hearns
- 13** Drug Delivery, 54
J. Cuell and M. McCabe
- 14** Near Patient Testing and Imaging, 58
A. Low and T. Harris
- 15** Haemorrhage Control and Splinting, 63
A. Hughes and A. Weaver
- 16** Stretchers, Incubators and Vacuum Mattresses, 70
H. Bawdon and M. Ward
- 17** Personal Protective Equipment, 73
C. Bosanko and S. Hepburn
- 18** Communication and Navigation, 77
I. Locke

SECTION 4 PHARMACOLOGY OF TRANSFER MEDICINE, 81

- 19** Routes of Administration, 83
T. Nutbeam and R. Fenwick
- 20** Pre-hospital Sedation and Analgesia, 88
J. Hulme
- 21** Sedation and Neuromuscular Blockers, 92
E. Joynes and B. Munford
- 22** Inotropes and Vasopressors, 96
A. Fergusson and R. Tipping
- 23** Specialist Pharmacology: Haemostatics and Uterotonics, 100
P. Morgan and D. Lockey

SECTION 5 THE TRANSFER TEAM, 105

- 24** Managing and Leading a Transfer, 107
D. Ellis and S. Mazur
- 25** Teamwork and Communication, 111
C. McQueen and K. Thies
- 26** Non-technical Skills and Sources of Error, 115
C. McQueen and M. Horton
- 27** Standard Operating Procedures, Checklists and Documentation, 119
S. Sollid and O. Uleberg
- 28** Audit, Medicolegal and Ethical Aspects of Transfer Medicine, 122
G. Evetts, S. Cox, and R. Tipping
- 29** Training for Transfers, 126
J. Warwick and D. Quayle

SECTION 6 NEONATAL AND PAEDIATRIC TRANSFERS, 131

- 30** Anatomical and Physiological Considerations, 133
S. Revana

- 31** Neonatal Medical Transfers, 137
Lesley Jackson
- 32** Paediatric Medical Retrievals, 142
S. Ray and E. Polke
- 33** Paediatric Trauma Retrievals, 146
Mary Montgomery
- 34** Additional Considerations, 152
H. McNeilly and J. Hegarty

SECTION 7 SPECIALIST TRANSFERS, 155

- 35** Head & Spinal Injuries, 157
R. Protheroe and F. Lecky
- 36** Burns, 160
T. Muehlberger, M. Büeschges, and C. Ottoman
- 37** Polytrauma and Military Retrievals, 164
D. Keene and O. Bartells
- 38** Obstetric Transfers, 169
H. Simpson
- 39** Cardiac Transfers, 174
C. Westrop and C. Harvey
- 40** Contagious Patients, 178
R. MacDonald
- 41** Bariatric Patients, 183
Z. Dempsey and M. Ross
- 42** Acute Behavioural Disturbances, 187
M. Le Cong
- 43** Considerations Regarding Organ Donation, 190
Anders Aneman and William O'Regan

Appendix 1 Framework for Radiology Interpretation, 193

Appendix 2 Framework for Interpretation of Arterial Blood Gases, 194

Appendix 3 Example of a Triage Sieve, 195

Appendix 4 Example of a Transfer Checklist, 196

Appendix 5 Example of Equipment Inventory, 197

Appendix 6 Summary of useful National Guidelines, 201

Index, 203
