

PART I Overview of Disaster Management

1 Introduction to Disaster Medicine, 2

Gregory R. Ciotton

SECTION ONE Introduction

2 Public Health and Disasters, 6

Ali Ardalan, Catherine Y. Ordun, and James Michael Riley

3 Role of Emergency Medical Services in Disaster Management and Preparedness, 13

James J. Rifino and Selwyn E. Mahon

4 Role of Emergency Medicine in Disaster Management, 20

Richard E. Wolfe

5 Disaster Nursing, 27

Kristin Allyce Reed and Amelia Marie Nelson

6 Role of Hospitals in a Disaster, 31

Alimadreja Djalali, Pier Luigi Ingrassia, and Luca Ragazzoni

7 Complex Emergencies, 40

Susan A. Bartels, Matthew M. Hall, Frederick M. Burkle Jr., and P. Gregg Greenough

8 Disaster and Climate Change, 47

Prasit Wuthisuthimethawee

9 Children and Disaster, 53

Michael Bouton and Bruce M. Becker

10 Psychological Impact of Disaster on Displaced Populations and Refugees of Multiple Traumas, 60

Amer Hosin

11 Ethical Issues in Disaster Medicine, 67

Nir Eyal

12 Issues of Liability in Emergency Response, 75

Jonathan Peter Ciotton

SECTION TWO Domestic and International Resources

13 Disaster Response in the United States, 82

Jerry L. Mothershead

14 Disaster Response in Europe, 86

Michelangelo Bortolin

15 Local Disaster Response, 90

Jerry L. Mothershead

16 State Disaster Response: Systems and Programs, 95

Gregory T. Banner

17 Selected Federal Disaster Response Agencies and Capabilities, 98

Kevin M. Ryan, Jerry L. Mothershead, Kevin Yeskey, and Peter Brewster

18 Global Disaster Response, 105

Miriam Aschkenasy and Hilarie Cranmer

19 Nongovernmental Organizations in Disaster Medicine, 111

Jean L. Charles-Marcel, David M. Canther, Malcolm Seheult, and Patrice Joseph

20 Disaster and Emergency Management Programs, 120

Angela M. Snyder and Mark E. Gebhart

SECTION THREE Pre-Event Topics

21 Emergency Department Design, 125

Robert H. Woolard, Stephen W. Borron, and John M. Mackay

22 Community Hazard Vulnerability Assessment, 131

James C. Chang

23 Health Care Facility Hazard and Vulnerability Analysis, 136

William A. Gluckman, Eric S. Weinstein, Kathe M. Conlon, and James C. Chang

24 Public Information Management, 143

William A. Gluckman, Eric S. Weinstein, Sharon Dilling, and Jeffrey S. Paul

25 Informatics and Telecommunications in Disaster, 149

Churton Budd

26 Medical Simulation in Disaster Preparedness, 156

Charles N. Pozner and Yasser A. Alaska

27 Disaster Mitigation, 160

Robert M. Gougelet

28 Disaster Risk Management, 167

Rajnish Jaiswal, Joseph Donahue, and Michael J. Reilly

29 Vaccines, 178

Michael Bouton

30 Occupational Medicine: An Asset in Time of Crisis, 185

Tee L. Guidotti

31 Worker Health and Safety in Disaster Response, 192

Clifford S. Mitchell, Brian J. Maguire, and Tee L. Guidotti

32 Disaster Preparedness, 200

Mark E. Keim

33 Policy Issues in Disaster Preparedness and Response, 215

Eric S. Weinstein and Brielle Weinstein

34 Mutual Aid, 222

Brielle Weinstein, James Geiling, and Kerry Fosher

35 Patient Surge, 233

Jack E. Smith II and Mark E. Gebhart

SECTION FOUR Event-Response Topics

36 Accidental versus Intentional Event, 241

Joanne Cono and Irving "Jake" Jacoby

37 Crisis Leadership in Public Health Emergencies, 246

Scott Deitchman

38 The Incident Command System, 251

Michael A. Loesch and Mary Jo Giordano

39 Scene Safety and Situational Awareness in Disaster Response, 255

Robert L. Freitas

40 Needs Assessment, 263

Erica L. Nelson

41 Operations and Logistics, 269*James J. Rifino***42 Disaster Communications, 275***Gerard DeMers and Irving "Jake" Jacoby***43 Mobile Disaster Applications, 280***David T. Chiu, Larry A. Nathanson, and Steven Horng***44 The Role of Social Media in Disasters, 283***Stephen P. Wood***45 Volunteers and Donations, 285***Andrew M. Milsten***46 Personal Protective Equipment, 294***Andrew J. Eyre, John L. Hick, and Craig D. Thorne***47 Role of Bystanders in Disasters, 302***Selwyn E. Mahon and James J. Rifino***48 Surveillance, 308***P. Gregg Greenough and Mandana Mehta***49 Geographic Information Systems in Crises, 312***Erica L. Nelson and P. Gregg Greenough***50 Management of Mass Fatalities, 317***Jack E. Smith II***51 Disaster Management of Animals, 324***Robert J. Tashjian and James M. Burke***SECTION FIVE Mechanical Operations in Disasters****52 Urban Search and Rescue, 329***Michelangelo Bortolin and Gregory R. Ciottone***53 Medical Care in Remote Areas, 334***Ashley L. Greiner***54 Triage, 337***Elizabeth Foley and Andrew T. Reisner***55 Patient-Tracking Systems in Disasters, 344***Charles Stewart and M. Kathleen Stewart***56 Infectious Disease in a Disaster Zone, 351***Stephanie Chow Garbern***57 Pharmaceuticals and Medical Equipment in Disasters, 356***Charles Stewart and M. Kathleen Stewart***SECTION SIX Post-Event Topics****58 Displaced Populations, 361***Amalia Voskanyan and John D. Cahill***59 Rehabilitation and Reconstruction, 365***Elizabeth S. Temin, Michelangelo Bortolin, and Alice Venier***60 Disaster Education and Research, 369***Kenneth A. Williams, Leo Kobayashi, and Marc J. Shapiro***61 Practical Applications of Disaster Epidemiology, 375***P. Gregg Greenough and Frederick M. Burkle Jr.***62 Measures of Effectiveness in Disaster Management, 380***P. Gregg Greenough and Frederick M. Burkle Jr.***SECTION SEVEN Topics Unique to Terrorist Events and High-Threat Disaster Response****63 Lessons Learned as a Result of Terrorist Attacks, 382***Mark E. Keim and Scott Deitchman***64 The Psychology of Terrorism, 395***Robert A. Ciottone***65 Thinking Outside the Box: Health Service Support Considerations in the Era of Asymmetric Threats, 403***Duane C. Caneva and Pietro D. Marghella***66 Integrated Response to Terrorist Attacks, 407***E. Reed Smith, Geoffrey L. Shapiro, and David W. Callaway***67 Multimodality, Layered Attack, 416***Nicholas V. Cagliuso Sr., Jeffrey S. Rabrich, and
Thérèse M. Postel***68 Active-Shooter Response, 424***David W. Callaway and James P. Phillips***69 Hostage Taking, 430***Dale M. Molé and Rafael G. Cohen***70 Civil Unrest and Rioting, 434***Denis J. FitzGerald***71 Introduction to Explosions and Blasts, 437***Josh W. Joseph and Leon D. Sanchez***72 Suicide Bomber, 445***Evan Avraham Alpert and Shamai A. Grossman***73 Improvised Explosive Devices, 449***James P. Phillips and James R. Johnston Jr.***74 Vehicle-Borne Improvised Explosive Devices, 455***James R. Johnston Jr. and David W. Callaway***75 Conventional Explosions at Mass Gatherings, 459***Franklin D. Friedman and Erin E. Noste***76 Nuclear Disaster Management, 462***George A. Alexander***77 Dirty Bomb (Radiological Dispersal Device), 468***George A. Alexander***78 General Approach to Chemical Attack, 471***Duane C. Caneva, Mark A. Kirk, and John B. Delaney Jr.***79 Biological Attack, 480***Andrew W. Arstein***80 Future Biological and Chemical Weapons, 489***Robert G. Darling and Erin E. Noste***81 Directed-Energy Weapons, 499***M. Kathleen Stewart and Charles Stewart***82 Chemical, Biological, Radiological, and Nuclear Quarantine, 504***Jeffrey D. Race, Carey Nichols, and Susan R. Blumenthal***83 Chemical Decontamination, 513***Peter McCahill, Barbara Vogt, and John Sorensen***84 Radiation Decontamination, 519***George A. Alexander***SECTION EIGHT Operational Medicine****85 Military Lessons Learned for Disaster Response, 524***David W. Callaway and Paul M. Robben*

- 86 Integration of Law Enforcement and Military Resources with the Emergency Response to a Terrorist Incident, 529**
Cord W. Cunningham, Donald Keen, Chetan U. Kharod, and Neil B. Davids

- 87 Tactical Emergency Medical Support, 536**
Jason Pickett

- 88 Medicine beyond the Barricade, 540**
Michael D. Mack and James P. Phillips

- 89 Operational Rescue, 544**
Jeff Matthews and Sean D. McKay

- 90 Operations Security, Site Security, and Incident Response, 548**
Paul M. Maniscalco and Scott D. Weir

- 91 Medical Intelligence, 555**
Gregory R. Ciottone

- 92 Preventive Medicine for Providers in High-Threat Environments, 561**
Laura Ebbeling and James P. Phillips

PART II Management of Specific Event Types

SECTION NINE Natural Disasters

- 93 Introduction to Natural Disasters, 566**
Ali Ardalan and Debra D. Schnelle

- 94 Hurricanes, Cyclones, and Typhoons, 569**
Mark E. Gebhart

- 95 Earthquake, 572**
Khaldoon H. AlKhaldi

- 96 Tornado, 575**
Charles Stewart, M. Kathleen Stewart, Michael D. Jones, and James Pfaff

- 97 Flood, 580**
Ritu R. Sarin and Sylvia H. Kim

- 98 Tsunami, 583**
Prasit Wuthisuthimethawee

- 99 Heat Wave, 589**
Terrance T. Lee

- 100 Winter Storm, 592**
Srihari Cattamanchi and Alison Sisitsky Curcio

- 101 Volcanic Eruption, 598**
Gregory Jay, Kevin King, and Srihari Cattamanchi

- 102 Famine, 604**
Laura Macnow and Hilarie Cranmer

- 103 Landslides, 607**
Mark E. Keim

- 104 Avalanche, 612**
Ali A. Hosin and Jason A. Tracy

SECTION TEN Nuclear/Radiation Events

- 105 Introduction to Nuclear and Radiological Disasters, 615**
Dale M. Molé

- 106 Nuclear Detonation, 621**
Yasser A. Alaska, Abdulaziz D. Aldawas, and William E. Dickerson

- 107 Radiation Accident—Isolated Exposure, 625**

Jeanette A. Linder and Lawrence S. Linder

- 108 Radiation Accident—Dispersed Exposure, 630**

Jeanette A. Linder and Lawrence S. Linder

- 109 Nuclear Power Plant Meltdown, 635**

William Porcaro

SECTION ELEVEN Chemical Events

- 110 Introduction to Chemical Disasters, 639**

Katherine Farmer, Lawrence Proano, James M. Madsen, and Robert Partridge

- 111 Industrial-Chemical Disasters, 644**

Mark E. Keim

- 112 Nerve-Agent Mass Casualty Incidents, 651**

Brian C. Geyer

- 113 Vesicant Agent Attack, 656**

Charles Stewart, M. Kathleen Stewart, and Lara K. Kulchyski

- 114 Respiratory-Agent Mass Casualty Incident (Toxic Inhalational Injury), 661**

Adam J. Janicki and Jason B. Hack

- 115 Cyanide Attack, 664**

Mark E. Keim

- 116 Antimuscarinic Agent Attack, 671**

Fermin Barrueto Jr. and Lewis S. Nelson

- 117 Mass Casualty Incidents from LSD, Other Indoles, and Phenylethylamine Derivatives, 674**

Patrick J. Maher and Fiona E. Gallahue

- 118 Opioid Agent Attack, 677**

Debra Lee and Rick G. Kulkarni

- 119 Hydrofluoric Acid Mass Casualty Incident, 680**

Paul P. Rega

- 120 Mass Casualties from Riot-Control Agents, 685**

Sam Shen and Stephen P. Wood

- 121 Cholinergic Agent Attack (Nicotine, Epibatidine, and Anatoxin-a), 688**

Sage W. Wiener and Lewis S. Nelson

- 122 Anesthetic-Agent Mass Casualty Incident, 692**

Kinjal N. Sethuraman, Jerrilyn Jones, and K. Sophia Dyer

SECTION TWELVE Biological Events: Introduction

- 123 Introduction to Biological Agents and Pandemics, 696**

Alexis Kearney and Catherine Pettit

SECTION TWELVE Biological Events, Part 1: Bacterial Agents

- 124 *Bacillus anthracis* (Anthrax) Attack, 699**

Selwyn E. Mahon

- 125 *Yersinia pestis* (Plague) Attack, 705**

Kimberly A. Stanford and Jonathan Harris Valente

- 126 *Francisella tularensis* (Tularemia) Attack, 709**

Irving "Jake" Jacoby

- 127 *Brucella* Species (Brucellosis) Attack, 713**
Edward W. Cetaruk and Teriggi J. Ciccone
- 128 *Coxiella burnetii* (Q Fever) Attack, 716**
Edward W. Cetaruk and Teriggi J. Ciccone
- 129 *Rickettsia prowazekii* Attack (Typhus Fever), 719**
Devin M. Smith, Lawrence Proano, and Robert Partridge
- 130 *Orientia tsutsugamushi* (Scrub Typhus) Attack, 721**
Selwyn E. Mahon and Peter B. Smulowitz
- 131 *Rickettsia rickettsii* (Rocky Mountain Spotted Fever) Attack, 724**
Mohammad Alotaibi and Siraj Amanullah
- 132 *Vibrio cholerae* (Cholera) Attack, 726**
Nishanth S. Hiremath, Srihari Cattamanchi, Vidyalakshmi PR, and Milana Trounce
- 133 *Shigella dysenteriae* (Shigellosis) Attack, 729**
Suzanne M. Shepherd, Steven O. Cunnion, and William H. Shoff
- 134 *Salmonella* Species (Salmonellosis) Attack, 732**
Saleh Ali Alesa
- 135 *Salmonella typhi* (Typhoid Fever) Attack, 735**
Lawrence Proano
- 136 *Burkholderia mallei* (Glanders) Attack, 738**
John W. Hardin
- 137 *Burkholderia pseudomallei* (Meliodiosis) Attack, 740**
John W. Hardin
- 138 *Chlamydia psittaci* (Psittacosis) Attack, 743**
Hans R. House and Olivia E. Bailey
- 139 *Escherichia coli* O157:H7 (Enterohemorrhagic *E. coli*), 746**
Roy Karl Werner

SECTION TWELVE Biological Events, Part 2: Viral Agents

- 140 Viral Encephalitis (Alphavirus) Attack, 750**
Khaldoon H. AlKhaldi
- 141 Tick-Borne Encephalitis Virus Attack, 752**
Heather Rybasack-Smith, Lawrence Proano, and Robert Partridge
- 142 Viral Hemorrhagic Fever Attack: Arenaviruses, 754**
Valarie Schwind
- 143 Viral Hemorrhagic Fever Attack: Bunyavirus, 757**
Andrea G. Tenner and Alexander P. Skog
- 144 Viral Hemorrhagic Fever Attack: Filo Viruses, 760**
William Porcaro
- 145 Viral Hemorrhagic Fever Attack: Flaviviruses, 763**
Valarie Schwind
- 146 Chikungunya Virus Attack, 766**
Stephen P. Wood and Heather Long
- 147 Variola Major Virus (Smallpox) Attack, 768**
Robert G. Darling
- 148 Influenza Virus Attack, 771**
Majed Aljohani, Geoffrey D. Horning, and Anna I. Cheh
- 149 Monkeypox Attack, 774**
Nicole F. Mullendore, Benjamin J. Lawner, and John D. Malone
- 150 Hantavirus Pulmonary Syndrome Attack, 777**
Bryant Allen

- 151 *Henipavirus* Attack: Hendra and Nipah Viruses, 780**
Stephen P. Wood
- 152 SARS-CoV Attack (Severe Acute Respiratory Syndrome), 782**
David Freeman and Elizabeth Kenez

SECTION TWELVE Biological Agents, Part 3: Toxins

- 153 Staphylococcal Enterotoxin B Attack, 787**
Robert G. Darling
- 154 *Clostridium botulinum* Toxin (Botulism) Attack, 790**
Janna H. Villano and Gary M. Vilke
- 155 *Clostridium perfringens* Toxin (Epsilon Toxin) Attack, 794**
Mariann Nocera, Lynne Barkley Burnett, and Siraj Amanullah
- 156 Marine Toxin Attack, 798**
Stephen P. Wood, Kate Longley-Wood, and Wende R. Reenstra
- 157 T-2 Toxin (Trichothecene Mycotoxins) Attack, 801**
Frederick Fung
- 158 Ricin Toxin from *Ricinus communis* (Castor Bean) Attack, 804**
Brian J. Yun
- 159 Aflatoxin (*Aspergillus* Species) Attack, 807**
Frederick Fung

SECTION TWELVE Part 4: Other Biological Agents

- 160 *Coccidioides immitis* (Coccidioidomycosis) Attack, 810**
Robyn Wing and Siraj Amanullah
- 161 *Histoplasma capsulatum* (Histoplasmosis) Attack, 815**
Wendy Hin-Wing Wong, Robert Partridge, and Lawrence Proano
- 162 *Cryptosporidium parvum* (Cryptosporidiosis) Attack, 818**
Benjamin Graboyes, Miriam John, and Carol Sulis

SECTION THIRTEEN Events Resulting in Blast Injuries

- 163 Explosions: Conventional, 821**
Robert Partridge
- 164 Explosions: Fireworks, 825**
David V. Le and Craig Sisson
- 165 Rocketpropelled Grenade Attack, 829**
Mark Greve and Joseph Lauro
- 166 Conventional Explosion at a Hospital, 831**
Stephen Grosse
- 167 Conventional Explosion in a High-Rise Building, 834**
James J. Rifino
- 168 Conventional Explosion at a Nuclear Power Plant, 839**
Stephen Grosse

169 Tunnel Explosion, 842*Hazem H. Alhazmi and Michael Sean Molloy***170 Liquefied Natural Gas Explosion, 845***Anas A. Khan and Michael I. Greenberg***171 Liquefied Natural Gas Tanker Truck Explosion, 847***Nawfal Algerian and Rakan S. Al-Rasheed***172 Petroleum Distillation and Processing Facility Explosion, 849***Rakan S. Al-Rasheed and Sami A. Yousif***SECTION FOURTEEN Events Resulting in Burn Injuries****173 Introduction to Fires and Burns, 854***Diane Clapp and Benjamin J. Lawner***174 Structure Fires, 858***James P. Phillips***175 Wilderness and Forest Fire, 862***John Moloney***176 Tunnel Fire, 865***Sami A. Yousif and Nawfal Algerian***SECTION FIFTEEN Events Resulting in Ballistic Injuries****177 Gunshot Attack: Mass Casualties, 868***Leon D. Sanchez and Matthew R. Babineau***178 Sniper Attack, 871***Shawn E. Johnson and Leon D. Sanchez***179 Grenade and Pipe Bomb Injuries, 873***Charles Stewart***SECTION SIXTEEN Events Resulting in Structural Collapse/Crashing/Crushing****180 Introduction to Structural Collapse (Crush Injury and Crush Syndrome), 877***Pier Luigi Ingrassia, Marco Mangini, Luca Ragazzoni, Ahmadreza Djalali, and Francesco Della Corte***181 Train Derailment, 881***Silvani Cattamanchi and J. Scott Goudie***182 Subway Derailment, 890***Ahmed Alsufyani and Michael Sean Molloy***183 Bus Accident, 893***Elie Blohm and Kavita Babu***184 Aircraft Crash Preparedness and Response, 896***Peter B. Pruitt and Paul D. Biddinger***185 Air Show Disaster, 900***Joshua J. Solano and Peter D. Panagos***186 Asteroid, Meteoroid, and Spacecraft Reentry Accidents, 905***Jay Lemery, Faith Vilas, and Benjamin Easter***187 Building Collapse, 909***Mai Alshammari, Catherine Y. Ordun, and Timothy E. Davis***188 Bridge Collapse, 912***Mai Alshammari, Laura Diane Melville, and Najma Rahman-Khan***189 Human Stampede, 915***Bader S. Alotaibi, Michael Sean Molloy, C. Crawford Mechem, and Angela M. Mills***190 Mining Accident, 919***Dale M. Molé***191 Submarine or Surface Vessel Accident, 922***Dale M. Molé***SECTION SEVENTEEN Other Events/Combination Events****192 Aircraft Hijacking, 925***Leon D. Sanchez, Laura Ebbeling, and Kurt R. Horst***193 Aircraft Crash into a High-Rise Building, 929***Ilaria Morelli and Michelangelo Bortolin***194 Airliner Crash into a Nuclear Power Plant, 935***Patrick M. Jackson***195 Explosion at a Nuclear Waste Storage Facility, 938***Jonathan E. Slutzman***196 Maritime Disasters, 945***Michael Sean Molloy, John Mulhern, and Lucille Gans***197 Cruise Ship Infectious Disease Outbreak, 949***Nadine A. Youssef and Scott G. Weiner***198 Massive Power System Failures, 952***M. Kathleen Stewart and Charles Stewart***199 Hospital Power Outages, 957***Marc C. Restuccia***200 Intentional Contamination of Water Supplies, 960***Anas A. Khan and Patricia L. Meinhardt***201 Food-Supply Contamination, 965***Marc C. Restuccia***202 Mass Gatherings, 968***Majed Aljohani and Katharyn E. Kennedy***203 Ecological Terrorism, 975***George A. Alexander***204 Computer and Electronic Terrorism and Emergency Medical Services, 978***M. Kathleen Stewart and Charles Stewart***205 VIP Care, 982***Saleh Fares and Lynne Barkley Burnett*
