Preface	ix
Acknowledgment	xi

I

OVERVIEW

1. Basal Ganglia Anatomy, Biochemistry, and Physiology

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction	4
Circuits and Neurotransmitters in the Basal Ganglia	4
Subthalamic Nucleus (STN)	7
Output Nuclei: Globus Pallidus Interna (GPi) and Substantia Nigra pars reticulata (SNpr)	7
Globus Pallidus externa (GPe)	8
Inhibiting and Disinhibiting Motor Patterns	8
Implications for Disease: Focal Lesions and Abnormal Movements	10
References	11

2. Cerebellar Anatomy, Biochemistry, Physiology, and Plasticity

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction	14
Overview of Cerebellar Structure, Function, and Symptoms	14
Macroscopic to Microscopic Cerebellar Structure	15
Neurotransmitters in the Cerebellum	21
Neuroplasticity in the Cerebellum	23
Cerebellar Stimulation	23
Conclusion	24
References	24

3. Classification of Movement Disorders

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction	27
Ataxia (Chapter 14)	29
Athetosis (Chapter 10)	29
Ballismus (Chapter 10)	31
Chorea (Chapter 10)	31
Dystonia (Chapter 11)	32
Myoclonus (Chapter 12)	32
Parkinsonism (Chapter 15)	33
Stereotypies (Chapter 8)	33
Tics (Chapter 7)	34
Tremor (Chapter 13)	34
References	35

4. Diagnostic Evaluation of Children with Movement Disorders

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction	38
Preclinic	39
In Clinic	41
The Diagnosis	48
Summary	54
References	55

5. Motor Assessments

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction	58
Quantitative Measurement in Movement Disorders	58
Rating Scales for Pediatric Movement Disorders	59
References	64

II

DEVELOPMENTAL MOVEMENT DISORDERS

6. Transient and Developmental Movement Disorders in Children

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Benign Neonatal Sleep Myoclonus 70
- Benign Myoclonus of Early Infancy
(Benign Infantile Spasms) 71
- Jitteriness 71
- Shuddering 72
- Paroxysmal Tonic Upgaze of Infancy 72
- Spasmus Nutans 73
- Head Nodding 73
- Benign Paroxysmal Torticollis 74
- Benign Idiopathic Dystonia of Infancy 75
- Sandifer Syndrome 75
- Posturing During Masturbation 75
- References 76

III

PAROXYSMAL MOVEMENT DISORDERS

7. Tics and Tourette Syndrome

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction 82
- Tic Phenomenology 82
- Tic Disorders 83
- Epidemiology 85
- Scales 86
- Outcome 86
- Associated Behaviors and Psychopathologies in
Tic Disorders 86
- Etiology 89
- Pathophysiology of Tic Disorders 90
- Treatment 94
- References 98

8. Motor Stereotypies

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction 112
- Definition 112
- Differentiating Stereotypies from Other
Disorders 113
- Pathophysiology 115
- Classification of Motor Stereotypies 116
- Therapy 121
- Patient and Family Resources 122
- References 122

9. Paroxysmal Dyskinesias

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction 127
- Clinical Characteristics 128
- Specific Disorders 129
- References 136

IV

HYPERKINETIC AND HYPOKINETIC MOVEMENT DISORDERS

10. Chorea, Athetosis, and Ballism

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction and Overview 144
- Definitions of Chorea, Athetosis, and
Ballism 144
- Clinical Characteristics—Phenomenology of
Chorea, Athetosis, and Ballism in
Children 145
- Localization and Pathophysiology 146
- Diseases and Disorders 147
- Summary of Diagnostic and Therapeutic
Approach 165
- References 169

11. Dystonia

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction 178
Classification of Dystonias 179
Localization and Pathophysiology 184
Etiologies 187
Diagnostic Approach to Dystonia 194
Management and Treatment 195
Patient and Family Resources 197
References 197

12. Myoclonus

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction and Overview 206
Definition of Myoclonus 206
Clinical Characteristics—Phenomenology of
Myoclonus in Children 206
Localization and Pathophysiology 208
Diseases and Disorders 214
Autosomal Dominant, Cortical Myoclonus without
Epilepsy 230
Hemifacial Spasm 230
Summary of Diagnostic and Therapeutic
Approach 230
References 231

13. Tremor

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction and Overview 242
Definition of Tremor 242
Clinical Characteristics—Phenomenology of
Tremor in Children 243
Localization and Pathophysiology 245
Diseases and Disorders 247
Approach to Diagnosis and Management 256
References 257

14. Ataxia

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction and Overview 264
Definition of Ataxia 265

Clinical Characteristics—Phenomenology of Ataxia
in Children 265

Localization and Pathophysiology 265
Diseases and Disorders 265
Approach to Diagnosis and Management 292
Summary 293
References 293

15. Parkinsonism

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction 302
Clinical Features of Parkinsonism 302
Pathophysiology of Parkinsonism 302
Etiologies of Parkinsonism in Children 305
Secondary Parkinsonism 307
Treatment of Parkinsonism 312
References 313

16. Hereditary Spastic Paraplegia

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Introduction and Overview 318
Definitions of Spasticity and Hypertonia 318
Clinical Characteristics—Phenomenology of Spastic
Paraplegia in Children 318
Localization and Pathophysiology 319
Diseases and Disorders 320
Treatment 328
Diagnostic and Management Approach 329
Summary 330
References 330

V

SELECTED SECONDARY MOVEMENT DISORDERS

17. Inherited Metabolic Disorders with Associated Movement Abnormalities

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

Pediatric Neurotransmitter Disorders 338
Metabolic Disorders 347
References 389

18. Movement Disorders in Autoimmune Diseases

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Complication of a Systemic Autoimmune Disorder 410
- Post-streptococcal Infections 412
- Autoimmune Basal Ganglia Encephalitis 416
- Autoimmune Encephalopathies 417
- Other Paraneoplastic Syndromes 420
- References 421

19. Movements that Occur in Sleep

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Overview of Sleep Physiology 428
- Classification of Movements in Sleep 431
- Sleep-Related Movement Disorders 431
- Hyperkinetic Movement Disorders that Are Present during the Daytime and Persist during Sleep 443
- Seizures in and Around the Time of Sleep 443
- References 444

20. Cerebral Palsy

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction 454
- Epidemiology 454
- Etiology 455
- Differentiating Hypertonia in Children 455
- Cerebral Palsy Syndromes 458
- Diagnostic Tests 462
- Management of Cerebral Palsy 465
- References 469

21. Movement Disorders and Neuropsychiatric Conditions

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Attention Deficit Hyperactivity Disorder 479
- Obsessive Compulsive Disorder 480
- Autism Spectrum Disorder 482
- Conclusion 484
- References 485

22. Drug-Induced Movement Disorders in Children

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction and Overview 492
- Definition of DIMDs 493
- Clinical Characteristics—Phenomenology of DIMDs in Children 493
- Drug-Induced Movement Disorders 494
- Conclusion 507
- References 507

23. Functional (Psychogenic) Movement Disorders

HARVEY S. SINGER, JONATHAN W. MINK,
DONALD L. GILBERT AND JOSEPH JANKOVIC

- Introduction 516
- Conclusion 522
- References 523

APPENDICES

- Appendix A: Drug Appendix 527
- Appendix B: Search Strategy for Genetic Movement Disorders 551
- Appendix C: Video Atlas 561

Index 569
