

SECTION I ■ LABORATORY ORGANIZATION

1	The Diagnostic Approach to the Vascular Patient	3
2	Preliminary and Final Reports	14
3	Credentialing and Accreditation	31
4	Quality Assurance and Test Validation	38

SECTION II ■ PRINCIPLES AND INSTRUMENTATION

5	Hemodynamics of Normal and Abnormal Arteries	47
6	Venous Anatomy and Hemodynamics	56
7	Physics and Instrumentation for Duplex Scanning	63

SECTION III ■ CEREBROVASCULAR

8	Extracranial Carotid and Vertebral Arteries	91
9	Transcranial Duplex Imaging	108
10	Follow-Up after Carotid Endarterectomy and Stenting	126
11	Transcranial Doppler Monitoring for Carotid Revascularization	140

SECTION IV ■ AORTOILIAC AND PERIPHERAL ARTERIAL

12	Duplex Evaluation of Lower Extremity Arterial Occlusive Disease	151
13	Indirect Physiologic Assessment of Lower Extremity Arteries	164
14	Noninvasive Diagnosis of Upper Extremity Arterial Disease	172
15	Aortic and Peripheral Aneurysms	182
16	Duplex Assessment of Aortic Endografts	193
17	Surveillance of Infrainguinal Bypass Grafts	205
18	Surveillance after Peripheral Artery Endovascular Intervention	214

SECTION V ■ PERIPHERAL VENOUS

19	Acute Lower Extremity Deep Vein Thrombosis	223
20	Upper Extremity Venous Thrombosis	250
21	Chronic Venous Disorders	274

SECTION VI ■ VISCERAL VASCULAR

22	Ultrasound Evaluation of the Portal and Hepatic Veins	287
23	Mesenteric Arteries	339
24	Renal Duplex Scanning	349
25	Pelvic Congestion Syndrome	379

SECTION VII ■ PREOPERATIVE PLANNING, INTRAOPERATIVE ASSESSMENT AND PROCEDURAL GUIDANCE

26	Cardiovascular Risk Assessment in the Vascular Laboratory	389
27	Vascular Applications in Point of Care Ultrasound	403
28	Preoperative Vein Mapping	414
29	Venous Ablation Procedures	419
30	Intraoperative Duplex Evaluation of Arterial Repairs	426
31	Intravascular Imaging	435
32	Evaluation and Treatment of Femoral Pseudoaneurysms	446
33	Dialysis Access Procedures	453
34	Radial Artery Evaluation before Coronary Artery Bypass Grafts	471
35	Duplex Scanning Prior to Fibula Free Flap Transfers	486
36	Duplex Scanning Prior to Flap Procedures for Breast Reconstruction	501
	Appendix 1: Vascular Laboratory Testing Protocols	513
	Appendix 2: Vascular Laboratory Education and Training	537
	<i>Index</i>	549
