	General Chemistry (2)																								Organic Chemistry (3)																								Vacation								
	Physics for Medical Students (2)																								English level III/IV (3)																																
	Systems of ODEs and Applications in Medical Science (2)																								Molecular and Cellular Basis for Medicine (4)																																
	Bioscience for Well-being (2)																								Basic Microbiology (2)																																
	Thinking Like a Scientist (2)																								Basic Human Structure and Development (2)																																
	Data Science for All (2)																								Contemporary Health (RAGE 101) (1)																																
	English Level III/IV (3)																								Introduction to Research (RAGE 102) (1)																																
	Learning Technique (1)																																																								
	Elective (1)																								Elective (1)																																
General Education for Human Development (3) (2 Semesters)																																																									
Arts of Using Thai Language Communication (3) (2 Semesters)																																																									
Selective (General Education) (2) (2 Semesters)																																																									
ปี 2	Break	Principle of Physiology and Pharmacology (3) + Antimicrobial Agents (1)				Exam	Clinical Anatomy (6)				Exam	Basic Immunology (2) + Hematology and Basic Oncology (3)				Exam	Research Market	Vacation	Cardiovascular System (4)				Respiratory System (4)				Exam	Renal and Urinary System (3)				Gastrointestinal and Hepatobiliary System (3)				Exam	Elective (2)	Vacation																			
		Research Methodology I (RAGE 201) (2)																																																							
		Clinical Foundations of Medicine I (RAID 202) (2)																																																							
		Foundation in Leadership and Teamwork I (RAGE 202) (1)																																																							
ปี 3	Nervous system I (4)				Endocrine System (3) + Reproductive System (3)				Exam	Nervous system II (3)				Exam	Musculo-skeletal and Integumentary System (2) + Medical Genetics (2)				Exam	Vacation	Clinical Immunology and Microbiology (3)				Exam	Community Medicine (5)				Clinical Nutrition and Clinical Toxicology (2)				Transfusion Medicine and Laboratory Medicine (1)				Exam	Review for NT Exam				NTI Exam	Vacation	4 th year												
	Research Methodology II (RAGE 301) (1)																																																								
	Clinical Foundations of Medicine II (RAID 306) (2)																																																								
	Foundation in Leadership and Teamwork II (RAGE 302) (1)																																																								

ตารางการศึกษาของนักศึกษาแพทย์ชั้นปีที่ 4 คณะแพทยศาสตร์โรงพยาบาลรามาธิบดี มหาวิทยาลัยมหิดล ประจำปีการศึกษา 2567
