ENDNOTE PROGRAM

BY PATTAWIA CHOIKRUA

Surgical Research Unit, Department of Surgery Faculty of Medicine Ramathibodi Hospital, Mahidol University Email: Pattypattawia@gmail.com

OBJECTIVES

Manage your library and organize your references

Vexport your references into your Word document as well as to make a bibliography

Introduction to surgical research

WHAT IS ENDNOTE?

EndNote is a bibliographic software program to

- search online resources/databases
- store references
- organize references
- create formatted bibliographies
- cite references

*bibliography :

a list of books, documents materials relavant to a particular subject or author

a list of citations for books, periodical articles or other materials
